

Visitor Guidance **effective 6/3/2021**

for Skilled Nursing Facilities at Columbine Health Systems

Fully Vaccinated Visitor(s)- 2 weeks past the final dose in the vaccine series

- Can visit without scheduling the visit
- Must be screened at the building entry
- Must show proof of fully vaccinated status
- Will wear a blue VISITOR SCREENED* sticker during the entire visit
- Will wear a mask DURING THE ENTIRE visit
- Visitor(s) and resident must limit visiting other residents and going throughout the facility. Limit surfaces touched and socially distance from others.
- May participate in activities, dining, and outings as space allows and need to remain socially distanced from other residents and staff.

* **Please Note** – if any visitor within the visitor group is UNVACCINATED the entire group will be deemed UNVACCINATED.

After Business Hours Activities and Dining

To participate in activities or dining after business hours – contact the facility during regular business hours prior to ensure confirmation of FULLY VACCINATED status.

UNVACCINATED Visitor(s)

- Must schedule their visit each and every time and must remain outside the building until scheduled visitation time
- Must be screened at the building entry
- Will wear a red VISITOR SCREENED sticker during the entire visit
- Will wear a mask DURING THE ENTIRE visit
- Visitor and resident can visit:
 - In the resident's room if the resident is VACCINATED and in a private room
 - If the resident lives in a semi-private room the roommate must also be FULLY VACCINATED and must AGREE with the visit. Both roommates cannot have visitors at the same time.
 - In the designated visitation area within and outside the facility

If the Resident is UNVACCINATED Visits Can Only Take Place

- In the designated visitation area within or outside the facility

Each of our facilities may have more specific procedures within the guidance. Please go to their webpage for more information.
