## INDEPENDENCE DAY

### TICKLE YOUR FUNNY BONE

All my fingers were injured  
by 4th of July fireworks. My  
closest friends say that they  
can't count on me anymore.

### THE PARADE BEGINS

*Drums resound on  
Main Street bright,  
Children cheer in morning light.  
With every step, a tribute paid  
To patriots bold, not dismayed.  
Baton twirlers spin with grace,  
Marching bands  
keep steady pace.  
The crowd stands  
still as colors pass,  
A quiet pride, both deep and vast.*

## DID YOU KNOW?

Betsy Ross is known for possibly sewing the first American flag; however, no official documentation confirms this story. It's possible her husband's uncle—a signer of the Declaration of Independence—recommended her for the task. We know she certainly made many flags. A receipt dated May 29, 1777, confirms that she was paid by the Pennsylvania State Navy Board to make flags for their ships.

DID YOU KNOW?

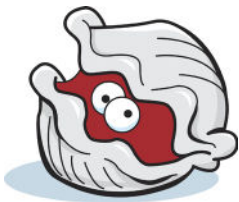

Canada is known for having the largest population of moose in the world. Four subspecies live in every province and territory of Canada except Prince Edward Island. The moose is considered a symbol of Canada and is featured on Ontario's provincial coat of arms. Moose enjoy munching on the leaves of deciduous trees and aquatic plants. They are excellent swimmers, which not only helps them cool down on hot summer days but also allows them to escape black flies.

SUMMER HUMOR

Did you hear about the dog who wears a swimsuit?  
Apparently, it looks quite fetching.

Why don't seashells take baths?  
Because they wash up on the beach.

What do you get when you cross an elephant and a fish?  
Swimming trunks.

What happens when ice cream gets angry?  
It has a meltdown.
